

What is your favourite subject in school at this point in your education? (Point-Form)

Music Class

What makes this subject your favourite now? (1 sentence)

I like high school music class because it gives me a sense of community without forcing me to stand out, while balancing structure and creativity in a way that lets me express myself without feeling overwhelmed by endless possibilities.

List 10 (ten) occupations that relate to that subject. (Point-Form) For each occupation, write a 1 (one) sentence explanation of how you believe it relates to your favourite subject.

1. Prop Designer – Being a prop designer, similar to my music class, allows me to be creative while still being within the boundaries of the project's goals.
2. Musician in an orchestra – This job is essentially the same as my music class but on a professional level, it gives me a sense of community while being structured.
3. Animator – Being an animator means that I can apply my creativity to a bigger scale project without being forced to stand out amongst the other animators.
4. Set Designer – The role of set designer means that I can work with others on a creative project without being put in the spotlight.
5. Band Musician – Similar to being a musician in an orchestra, though less professional, and work within a community.
6. Public School Music Teacher – I can work creatively while not being the main focus, the focus being the improvement of the students' musical skills.
7. Museum Exhibit designer – It allows me to be creative without feeling overwhelmed by the endless possibilities since I am forced to work within the museum's constraints.
8. Video Game Artist – I can work on a larger project and be part of a community but not be forced to stand out or be the centre of attention.
9. Private Music Teacher – I can work with music and help others without being the focus.
10. Librarian – It's a structured job with a clear set of guidelines and allows me to form a community while not being forced to stand out.

What is 1 (one) way you can measure if this subject is still your favourite in the future? (1 sentence)

In the future, I can measure whether music is still my favourite subject based on whether the career I've chosen has the same elements I enjoyed in my music class and if I enjoy my career because it has or doesn't have those elements.
